Black and Brown Womyn Power Coalition, Inc. (BBWPC) is a statewide radical feminist non-profit that organizes with Black and Brown advocates and their communities across the state of Wisconsin. Our mission is to build the capacity of Black and Brown advocates and their communities to end violence against womyn, queer, and trans folk and young people. Through leadership development, technical assistance services, building of strong, connected, and supported networks, and being visible we will build a radical BIPOC womyn, Queer, and Femme led feminist movement in Wisconsin to end gender based violence.

Individuals and organizations who want to be members do not have to be victim service providers; we believe in the power of grassroots, community, and natural advocates and are invested in growing with, for, and alongside you all, no matter your place in the movement. We engage with those who align with BBWPC's mission, vision and values and are committed to the mission, vision and values of the Black and Brown Womyn Power Coalition, Inc.
